

Printing Guide

- **Printing your poster:**

The poster format is A3 - the file is a vector file (this means that you can reduce or enlarge the format based on your printer's format without any loss of quality).

The attached pack includes:

- the '_bureau' PDF file (files without bleed and registration marks - intended for internal printing).
- a Word file (intended for internal printing).

- **Customising your poster:**

Placing your logo on the poster - Respecting the 1/1 scale - A3 file (297x420 mm), a space of 70x35 mm (at the top right of the poster) is reserved for placing your logo.

It is essential to stay within this designated area.

It is also advisable to leave a minimum margin of 10 mm at the top and right of your logo.
